

**Growing In Mathematical
Understanding
Pre-kindergarten—grade 2
8:30 AM—2:30 PM
Hoyle and Gardner School Staff**

This training is designed to support elementary teachers in promoting high levels of mathematical understanding in the early grades.

**Threshold Assessments
8:30 AM—2:30 PM
Brown and Luther School Staff**

All staff please report to your individual building. Principals have collaborated on an agenda that will encompass threshold assessments and student interventions. Other focus will be on individual student writing and addressing any concerns in the 6 plus one traits writing.

Each building principal will post the agenda for November 10th.

**CPI Refresher
8:30 AM—2:30 PM**

Staff members that need this refresher will be individually contacted. You will need to report to Joseph Case Junior High School, November 10th at 8:30 AM.

Instructor: Patti Steele

**Part II
Assessment Review and Job-A-Like
School Adjustment Counselors
8:30 AM—2:30 PM
@Joseph Case Junior High School
Computer Lab**

Session 1: 8:30 AM—11:00 AM

Lunch: 11:00 AM—12:00 PM

Session 2: 12:00 PM—2:30 PM

**Swansea Public
Schools**

21st Century Skills

8:30 AM—2:30 PM

@Joseph Case Junior High School

All Staff

In addition to developing proficiency in the tools of technology, 21st century students need other skills to be successful in school and in future positions: creativity, critical thinking and problem solving, communication, and collaboration. Teachers will experience and participate in a variety of strategies that engage students in activities that address and enhance those skills.

Instructor: Dennis Richards
